Mr. G. Stanley, Chairman  
Wyckoff Planning Board  
Memorial Town Hall  
340 Franklin Avenue  
Wyckoff, NJ 07481

March 17, 2006

I am writing to beg you and the Planning Board to stop the 11 house project that would destroy your last chance for precious open space. These are wetlands and a unique Ravine as you well know that deserves to left alone.

Many are wondering as to the motive of this short sighted option. Taking short term profits for a few has significant long term costs for all residents of Wyckoff and Bergen County. Bergen County has one of the lowest percentages of open space in New Jersey and Wyckoff is a prime example; since there is very little left, you can at least try to get the funding to preserve this spot.

To not try to preserve this area is a disservice to the people many of which have been showing up at the Planning board and writing letters in opposition to this devastating proposal. You must listen to these concerns and respond accordingly.

You can readily reject the numerous variances that Barrister is trying to push through knowing in their hearts the atrocity of their proposal; in good conscience please reject these variances and preserve the future of Wyckoff.

Thank you in advance for saving the Deep Voll ravine.

Regards from your neighbor,

Jerry Flach
